

Wi-Fi Safety

Wi-Fi is convenient, but you should be careful when accessing it. Ensure you understand the dangers of Wi-Fi so you can reap the benefits without getting burnt.

Only use free Wi-Fi for **publicly available services** like music and video streaming, or internet browsing.

Never provide sensitive information over a public Wi-Fi network.

Change your home Wi-Fi modem passwords from the default modem password. Update this password regularly.

Don't use online banking or shopping over public Wi-Fi.

Never access **work information.**
